Funktionale Schönheit

Die funktionale Intelligenz der Kollektion aus den frühen 1960er Jahren ist legendär. Klar und schnörkellos bestimmt sie die Gestaltung jedes einzelnen Teils. Das Ergebnis: exakte, raumsparende Stapelfähigkeit verbunden mit einem puristisch stringenten Design. Diese Qualitäten machen das beliebte Geschirr geeignet für viele Einsatzmöglichkeiten wie zum Beispiel frische Snacks bei Konferenz-Caterings. Die zeitlose Formensprache ermöglicht das problemlose Kombinieren mit anderen Bauscher Kollektionen.

Functional beauty

The functional intelligence of the collection from the early 1960s is legendary. It dictates the clear and simple design of each individual item. The result: precise, space-saving stackability combined with a purist, compelling design. These qualities make the popular tableware suitable for many different settings, such as for fresh snacks as part of conference catering, for example. The timeless style permits seamless combination with other Bauscher collections.

Design: Heinz H. Engler, 1960

Lässig serviert

Casual service

Auch in der Trendgastronomie macht der Klassiker eine gute Figur. Die strenge Schlichtheit des Designs unterstützt unkomplizierte Speisenangebote, die auf eine junge, frische Küche setzen.

The classic cuts a fine figure in trendy eateries too. The strict simplicity of the design complements uncomplicated menu selections that focus on young, fresh cuisine.
